

# SEVENTH WARD SPEAKS

YOU GOT TO BE WILLING TO MAKE YOUR OWN. Then when you put the crown on, you feel it all day cause you know you sacrificed, you struggled, and you made it. That's your satisfaction. You get your glory Mardi Gras morning when another Indian tells you, "Man, you some pretty." That's your glory. That's when I feel it.

You never retire. You're an Indian to the day you die if you got it in your heart.
